*Duties And Responsibilities Of Parties*

2.1 Scope of Capital Investment System Expansion.

(a) Capital Investment. Operator must provide a minimum of \$50,000,000.00 in capital investment in the System during the term. Operator agrees that \$42,000,000.00 of such capital investment must be completed no later than 36 months after the Effective Date. All proposed investments exceeding a cumulative amount of \$1,000,000.00 in a given calendar year, made after Lyft has satisfied the \$50,000,000.00 commitment, described in the previous sentence, shall be subject to City approval, which may not be unreasonably withheld. Operator must provide the City with semi-annual reports on capital investments.

(b) System Expansion.

(i) Generally. The required capital investment described in Section 2.1(a) will primarily be for System expansion. The Operator must add Operator Bicycles and Operator Stations to the System. Such additions must be in accordance with the quantities and schedule set forth below ("Expansion Targets"). At the end of the schedule below the System will operate geographically in the entire City:

99078

JOURNAL--CITY COUNCIL--CHICAGO

4/10/2019

1. Within 12 months of the Effective Date, Operator must add 3,500 Operator Bicycles and 50 Operator Stations;

2. Within 24 months of the Effective Date, Operator must add 3,500 Operator Bicycles and 125 Operator Stations;

3. Within 36 months of the Effective Date, Operator must add 3,500 Operator Bicycles.

(ii) Bicycle Technology. Each Operator Bicycle must be both an E-Bicycle and a Hybrid Bicycle. If Operator wants to purchase and add a bicycle that is not both an E-Bicycle and a Hybrid Bicycle, Operator must seek City approval.

(iii) Electrification Of Certain Stations. Subject to City approval of Operator plans and any third party approvals, Operator will install some Operator Stations (or upgrade City Stations) to have electric charging capabilities ("Electrified Stations") such that by June 30, 2021 a minimum of 15 percent of all Stations in the System will be Electrified Stations. All Electrified Stations must have an attached digital ad panel. Operator is responsible for all capital and operating costs required in implementing Electrified Stations with digital ad panels.

(iv) Bicycle Hubs. In addition to adding a minimum of Stations as set forth above, the Operator must provide supplemental Bicycle Hubs.

(v) Operator Equipment Specifications. Operator must provide for City approval specifications for all Operator Equipment, which approval will not be unreasonably withheld.

(vi) New Station Location/Siting. All Station location, relocation, and siting is subject to City approval, applicable laws and regulations and otherwise performed in accordance with the Agreement. Operator must undertake all activities related to new Station location and siting as part of its capital investment in the System; provided, however, Operator must bear all costs the City incurs under the City parking concession agreement with Chicago Parking Meters LLC ("CPM") due to reduction in parking spaces covered by the CPM concession agreement, and such costs will not count as part of Operator's capital investment in the System. If Operator proposes a Station installation that results in the reduction of metered parking space subject to the CPM agreement, the City will use good faith efforts to offset the value of the lost spaces by adding new metered parking space(s) within the same area as the space(s) taken. In no event will City incur any costs or expenses involved in relocation of spaces.

(vii) Federal Requirements. Operator agrees to cooperate with the City, in any manner, with respect to state and federal grant requirements that are triggered in the course of System expansion and operation. Such cooperation extends to the

performance of any action necessary to effectuate compliance with such grant requirements, including executing agreements or amendments required by the compliance with the federal requirements and the direct or indirect payment of all costs, fees, and repayment of required amounts under state and federal regulations to the state or federal funding source, as applicable; provided, however, that if pursuant to this Section 2.1(b)(vii), Operator is required to make any payment of Ridership Revenue to City or any grantor, then Operator's Annual Payment shall be reduced by an amount equal to such payment of Ridership Revenue.

(viii) Subcontractor Approvals. All Subcontractors require approval of the City, not to be unreasonably withheld. Operator must not hire any Subcontractor or other Subcontractor that is debarred by the City.

## 2.2 Operations, Maintenance, And Performance Requirements.

(a) Operation And Maintenance Costs. Operator will be solely responsible for all costs involved in operations, maintenance, and marketing, and capital replacement of the System in conformance with the procedures set forth in the Agreement.

(b) Performance Requirements. Operator must meet the Service Level Agreements set forth in (Sub)Exhibit 1 to ensure that the System and customer service are maintained at a high quality in terms of overall System usability and reliability, service coverage, equity and promotion of use and ridership growth.

(c) Liquidated Damages. Recurring failure to meet SLAs, subject to the cure periods set forth in (Sub)Exhibit 1, will result in liquidated damages and/or default on the Agreement; provided, however, that any failure to meet an SLA due to Operator's reasonable efforts to mitigate a safety issue or otherwise act in the best interest of the customers shall not give rise to liquidated damages, provided that Operator has notified the City of such mitigation efforts, in advance or as soon as practicable, and City has approved such efforts, which approval shall not be unreasonably withheld. If Operator determines that meeting SLAs may require additional Operator Bicycles, Operator Stations, or Bicycle Hubs, or operational or other capital expenditures, any such costs will be borne solely by Operator. The failure to meet SLAs shall result in liquidated damages to be paid in cash; however, at the City's sole discretion, in lieu of paying cash for liquidated damages for failure to meet SLAs, Operator may satisfy such obligation by increasing its total capital expenditure on the System by the amount of such damages. If City consents to Operator's increasing its total capital expenditure on the System as described above, Operator must separately track such capital expenditures on any such Equipment. In the event of expiration or early termination of the Agreement (i) the specific equipment so purchased will not be subject to City repayment, if any, or (ii) the City will receive a credit equal to the depreciated value of such expenditure.

JOURNAL--CITY COUNCIL--CHICAGO

### 2.3 Annual Payment.

(a) Amount. On June 30<sup>th</sup> of each year during the term, Operator must make an annual payment to the City ("Annual Payment"). The Annual Payment comprises the following three elements:

(i) \$6,000,000.00, which payment will (i) increase by 4 percent each year, and (ii) shall be prorated for any Contract Year less than eight (8) months long on the basis which the number of days in such Contract Year bears to 365 (a schedule of the Annual Payment subject to this Subsection (i), (ii) and (iii) is set forth in (Sub)Exhibit 2, provided, however that the text of this Section 2.3 takes precedence over (Sub)Exhibit 2 in case of conflict);

(ii) the greater of (1) \$1,500,000.00 or (2) 40 percent of net revenue generated in the most recently concluded Contract Year (if applicable) from third-party sponsorships and advertising, including branding or promotions on any System Equipment and any advertising on static and digital ad panels. In determining net revenue, Operator must take into account only (i) commercially reasonable subcontractor commissions and expenses, and (ii) the costs of installing and electrifying digital ad panels on Electrified Stations; and

(iii) 5 percent of annual Ridership Revenue collected in the most recently concluded Contract Year (if applicable) in excess of \$20,000,000.00.

(b) Use Of Annual Payment. The parties acknowledge that all or a portion of the Annual Payment may be considered "program income" under federal grant requirements applicable to the federal grant funds used to purchase the existing equipment, and therefore would be required to be rolled back into the System, or other Title 23 Federal-aid eligible programs, or other purposes as may be approved by the funding source. Therefore, the City agrees to use the Annual Payment exclusively for transportation purposes, including, but not limited to the upkeep, maintenance and installation of bicycle infrastructure in the City of Chicago.

### 2.4 System Sponsorships, Promotions And Use Of Ad Panels.

(a) Sponsorships. Operator shall have the right to (i) broker third party promotion or sponsorships for the System, and (ii) subject to Section 2.3(a)(ii), collect and retain all revenues generated by such promotion or sponsorships. Any third party sponsorships for the System that last longer than 120 days will require the approval of the City. Dedicated sponsorships of any supportive programming for the Divvy system (e.g., Divvy for Everyone, adaptive bikes) will require approval of the City. Operator agrees to grant Blue Cross Blue Shield of Illinois the right of first refusal, for a period of 90 days from the Effective Date, to any third-party sponsorships of the System.

4/10/2019

## REPORTS OF COMMITTEES

99081

(b) Co-Promotions. Co-promotions to Divvy riders and members with third-party urban mobility options and services (e.g., taxi, ridesharing), including those operated by Lyft, require the approval of the City, which may be withheld for any reason.

(c) Use Of Ad Panels.

(i) Public Service Announcement Panels. Operator must make available to the City 5 percent of static ad panel faces and digital ad panel impressions for public service announcements, as provided by the City.

(ii) Lyft Branded Advertising Panels. Operator may use 20 percent of the static ad panel faces and digital ad panel impressions to promote Lyft's brand, including Lyft's commitment to sustainable and multi-modal transportation.

(iii) Third Party Advertising Panels. Operator must use commercially reasonable efforts to sell third-party advertising on 75 percent of the static ad panel faces and digital ad panel impressions. Any inventory of static ad panel faces and digital ad panel impressions not sold in a given period may be used to promote (1) Lyft's brand; (2) the System (e.g., Divvy presented by Lyft); (3) public art presented by Lyft; and (4) public service announcements. Operator must offer the City 25 percent of such unsold static ad panel faces and digital ad panel impressions for public service announcements.

(iv) Limitation On Lyft Branded Advertising. Notwithstanding the foregoing subsections (i) -- (iii), Operator may not populate more than 35 percent of all static ad panel faces and digital ad panel impressions with Lyft branded advertising. For the avoidance of doubt, advertising panels used for promotion of the System (e.g., Divvy presented by Lyft) and public art presented by the System shall not constitute Lyft branded advertising for the purposes of this limitation. In addition to the foregoing limitation, Operator may not use more than half of all Lyft branded advertising panels to promote a single line of Lyft business.

(v) Advertising Standards. All use of ad panels is subject to the Advertising Standards set forth on (Sub)Exhibit 8 and, in keeping with the focus of the ad panels used for public art, Lyft recognition is expected to be minimal and discreet and shall reflect the established System name, including "Divvy". Operator agrees that no ad panel use shall disparage or injure the reputation of public transportation in Chicago.

## 2.5 System Branding.

(a) System Name. Operator may establish a new System name, which must include the Divvy Marks, and the Divvy blue color must remain relatively dominant within the color scheme. Operator must submit all branding and graphic designs to the City for approval. The City must respond in a timely manner and its approval shall not be unreasonably withheld, taking into account practical considerations such as the need for Operator to have standardized national hardware platforms; provided, however, that if a brand other than "Divvy" alone or "Divvy" with "Lyft" is introduced, City has the right to reject for any reason. The City hereby approves the graphic designs attached hereto as (Sub)Exhibit 3.

99082

JOURNAL--CITY COUNCIL--CHICAGO

4/10/2019

(b) Exclusive Rights To Divvy Marks. The City hereby grants to Operator, for the term of the Agreement, the exclusive right to use the Divvy Marks for bicycle or other mobility programs. For the avoidance of doubt, the City agrees that it will not grant any right to use the Divvy Marks to any other mobility service providers during the term, including for use on scooters and other micro-mobility solutions. If, pursuant to some other agreement with the City or otherwise outside the terms of this Agreement, Operator is permitted, contracted or licensed to operate scooters and other micro-mobility solutions in the City, Operator will be granted the right to use the Divvy Marks for such operation.

## 2.6 Exclusive Right On The Public Right-Of-Way.

### (a) Scope Of Exclusivity.

(i) Exclusive Right On Public Right-Of-Way. Subject to the terms and conditions of this Section 2.6, City agrees and acknowledges that, during the term of the Agreement, Operator will be the exclusive operator of bike sharing (be that docked, dockless, and/or electric bicycles) from the public right-of-way in the geographic areas of the City of Chicago that are covered by the System. City agrees that, during the term, it will not grant to any person or entity other than Operator a license or permit to offer bicycle rentals on the City's public right-of-way for any type of bicycle, including electric bicycles, docked bicycles, dockless bicycles and/or any combination or hybrid thereof. Issuance by the City of a permit to offer bicycle rental services from the public way, to any entity other than Operator, is a breach of this Section 2.6(a)(i), for which the City will have a cure period of 10 business days from written notice from Operator. For the avoidance of doubt, the parties agree that the Operator's exclusive right to operate bicycle rental services on the public right-of-way is not violated by (i) any entity, including but not limited to the Chicago Park District, the Cook County Forest Preserve or any other private party, offering bicycle rental services that originate from their own property, or (ii) the parking of bicycles from other such rental systems by renters on the public right-of-way, unless any such bicycle so parked on the public right-of-way is capable of being rented, from the public right-of-way, for a new rental period, by a new customer. The parties agree that persons or entities displaying bicycles on the public right-of-way, with the intent to offer a staffed (i.e., non-self-service), service for round-trip (i.e., not point-to-point) bicycle rentals from adjacent private property, is not a violation of the exclusive right in this Section 2.6(a)(i).

(ii) Enforcement On Public Right-Of-Way. The City acknowledges that the operation by an entity of a bicycle rental business, from the public right-of-way, without a permit, is a violation by that entity of the City's Municipal Code. Upon notice from Operator of a violation of its exclusive rights set forth in this Section 2.6, (including, to the best of Operator's knowledge, the identity of entity committing such violation(s), and date, time and place of such violation(s)), the City will take enforcement measures against the violating party, as may be deemed appropriate considering the scope and frequency of

4/10/2019

the violations, by the City in its reasonable discretion, including by way of issuing warnings, citations, cease and desist letters, or impoundment of bicycles. The parties agree that any disputes involving violations of exclusivity or the City enforcement efforts under this subsection 2.6(a)(ii) will be settled in accordance with Article 6 of the Agreement ("Disputes").

## 2.7 Ridership Revenue/Fare Products.

(a) Ridership Revenue. Subject to any requirements under Section 2.1(b)(vii) and 2.3(a)(iii), all Ridership Revenue will be retained by Operator.

(b) Rental Fees/Fare Products. City agrees that, subject to City approval rights listed in this Section 2.7(b), Operator may set rental fees for single rides, daily passes, annual passes and overage fees. Any increase greater than 10 percent in each calendar year requires approval of the City. City approval will be required for all new fare products, new fare policies and fees, including introducing additional surcharges for premium services such as E-Bikes. City's approval in each case shall be reasonably prompt and shall not be unreasonably withheld, taking into account the actual costs of delivering the service.

## 2.8 Integration Of System Data With Third Party Applications.

(a) System Data Integration With Ventra System. Operator must initiate a program so that, subject to cooperation of the Chicago Transit Authority ("CTA"), by December 31, 2019, it will complete the integration of System data with the Ventra application in order to incorporate Bicycle availability, rental and unlock features and, subject to further cooperation of the CTA, by June 1, 2021 jointly offer with the CTA at least one fully integrated membership, pass or fare product, providing a seamless transit-bike product for Chicagoans.

(b) System Data Integration With Lyft Application. Notwithstanding the foregoing and subject to third party integration commitments in Section 2.8(a), Operator may integrate the System data, and offer Bicycle availability and rental in, the Lyft mobile application, provided, however, that bicycle rental rates may not be discounted without City approval, which may be withheld for any reason.

(c) Stand-Alone Divvy Application/Website. Operator must operate and maintain (i) the existing stand-alone Divvy website and social media activity and (ii) the existing stand-alone Divvy application for bicycle availability, rental, unlock features.

(d) Third Party Applications. Upon request from a third party, Operator must work cooperatively, and in good faith, to enable such third party to integrate System data and enable purchase of rides at publicly available rates.

## 2.9 Operation Of Related Programs.

(a) Divvy For Everyone. Operator must manage, fund, and operate the Divvy for Everyone (D4E) program and continue to operate the Divvy Outreach Leaders program. Operator agrees to fund increased resources placed within expansion areas. Operator shall seek inclusion of ex-offenders into the D4E program. Operator must submit an annual budget, outreach plan, and scope of services for City approval.

(b) Adaptive Bicycle Sharing. Operator must develop a pilot adaptive bike sharing or rental program, based on reasonable feedback from surveys and focus groups with representatives of the disability community and affected partners, within six (6) to twelve (12) months after the Effective Date. Such program may (i) be a stand-alone program staffed by personnel that will facilitate rental of adaptive bicycles (i.e., non-self-service), (ii) use the Divvy Marks, and (iii) operate in coordination with third parties, such as bike stores or the Chicago Park District. The proposed pilot and any subsequent permanent program shall be developed with due regard to safety and geographic appropriateness and must include types of bicycles that meet the broadest needs of people with disabilities and training for rental personnel. Once the program(s) has been established, periodic status reports must be submitted to the Department of Transportation and the Mayor's Office for People with Disabilities. Proposals for the pilot and any permanent programs will be subject to the approval of the Commissioners of the Department of Transportation and the Mayor's Office for People with Disabilities, or their representatives. Such approvals may not be unreasonably withheld.

(c) Jobs Program. Operator must manage, fund, and operate jobs training programs, and shall seek inclusion of youth, ex-offenders and others with barriers to employment into all training and hiring programs. Operator will conduct these activities in coordination with community organizations. Operator has already established partnerships with Blackstone Bicycle Works, West Town Bikes, and Safer Foundation and commits to grow these partnerships and develop additional partnerships with similar organizations.

(d) Evanston System. Operator will be solely responsible for negotiating new terms, if any, with the City of Evanston regarding Evanston's bicycle sharing system.

## 2.10 Scooter And Other Micromobility Solutions.

If, subject to future actions by the City separate from this Agreement, the City elects to permit or otherwise allows any third party to conduct business operation(s) or otherwise offer rental services from the public way, of a specific Low-Speed Electric Mobility Device (as such term is defined in the Municipal Code of Chicago), for a cumulative duration longer than nine (9) months during the first eighty-four (84) months of the term of this amended Agreement, then the Operator may initiate, and the City shall undertake, good faith negotiations (as described below) not earlier than the completion of such cumulative nine (9) month period. The subject of the good faith negotiations shall be changes to the terms of the Agreement regarding the bikeshare System, if any, taking into account at

4/10/2019

## REPORTS OF COMMITTEES

least the following: (i) documented impacts to System vehicle utilization from such new Low-Speed Electric Mobility Device; (ii) whether Operator has been meeting SLAs; and (iii) benefits that Operator has earned or intends to earn from participation in such a Low-Speed Electric Mobility Device operation in Chicago. Operator's planned investment in the System described in Section 2.1(a) and Operator's schedule for expansion of the System described in Section 2.1(b) may be tolled during such negotiations. The parties agree to use best efforts to complete such good faith negotiations in a timely manner within three (3) months of initiation of the negotiations, but in no event later than five (5) months, to ensure any such tolling is not indefinite. Tolling must cease upon successful completion of negotiations or, if unsuccessful, within five (5) months of initiation of negotiations.

#### 2.11 Term And Termination.

(a) Term Of Performance. Section 4.1 of the Agreement is hereby deleted and replaced with this Amendment Section 2.11(a). On or about October 2, 2017, the Commissioner notified the Operator, pursuant to Section 4.3 of the Agreement, that she was exercising the City option to extend the initial term of the Agreement (ending January 23, 2018) for 60 months ("First Extension Period"). Therefore, the current end date of the term of this Agreement is January 23, 2023.

(b) Extension Periods. Section 4.3 of the Agreement is hereby deleted and replaced with this Amendment Section 2.11(b). The Agreement is subject to two 60-month extension periods beyond the First Extension Period (the "Second Extension Period" and the "Third Extension Period", respectively) contingent in each case upon (i) and (ii) below. As to the Second Extension Period, the City will give notice to Operator whether Operator has met conditions (i)(1) and (i)(2) below six months prior to the end of the First Extension Term ("Notification Date").

(i) for the Second Extension Period, the term of the Agreement will extend automatically, if the Operator (1) has met the Expansion Targets (as set forth in Section 2.1(b)(i)1 -- 3 of this Amendment), and (2) has achieved a rating of "meets expectations" in a substantial number of SLA categories (on a weighted average basis) over the 12 months prior to the Notification Date; if the Expansion Targets are not met or the Operator has not met the requisite number of "meets expectations" specified immediately above, the Second Extension Period may be exercised at the sole discretion of the City. If the Agreement is not otherwise extended pursuant to this Section 2.11(b)(i), the Agreement will expire at the end of the First Extension Period;

(ii) if the Agreement is extended for a Second Extension Period pursuant to Section 2.11(b)(i), the term of the Agreement may be extended for the Third Extension Period, upon (1) mutual agreement of the parties and (2) the approval of the City Council of Chicago. If (1) and (2) are not met, the Agreement will expire at the end of the Second Extension Period.

99086

JOURNAL--CITY COUNCIL--CHICAGO

(c) Disposition Of Equipment Upon Expiration.

Upon expiration of the term of the Agreement, the City, at its sole discretion, may (i) require that some or all of the Equipment in the System be conveyed to the City for no payment; provided, however that any Operator Equipment acquired by the Operator, after Operator has met its obligation to make a \$50,000,000.00 capital investment as required by Section 2.1(a), shall be subject to purchase by the City, at a mutually agreed price, based on the fair market value of such Operator Equipment, which price shall not exceed the depreciated value of the Operator Equipment, using a 104-month straight-line depreciation schedule, or (ii) require Operator to remove all the Equipment.

(d) Early Termination. Subsections (a) and (b) of Section 9.3 of the Agreement are hereby deleted and replaced with subsections (d)(i) and (d)(ii) of this Amendment Section 2.11(d).

(i) In addition to termination under Sections 9.1 and 9.2 of the Agreement, the City may terminate the Agreement at any time by a notice in writing from the City to Operator. The City will give notice to Contractor in accordance with the provisions of Article 11 of the Agreement. The effective date of termination will be the date the notice is received by Operator or the date stated in the notice, whichever is later. If the City elects to terminate this Agreement, all Services to be provided under it must cease as specified in the early termination notice. After the effective date of termination, a termination fee ("Termination Fee") must be paid within sixty (60) days of the final Appraisal (as defined below).

(ii) After the notice is received, Contractor must restrict its activities, and those of its Subcontractors, to winding down the performance of the Services. No costs incurred after the effective date of the termination are allowed, except as mutually agreed between the parties. If the City elects to terminate the Agreement for convenience in accordance with this Section 2.11(d), the City must pay to Operator as the Termination Fee the sum of: (1) the fair market value as of the date of such termination of any capital equipment expenditures incurred by Operator since the Effective Date; (2) the present value of reasonable lost profits of Operator from the notice of Termination through the Second Extension Period; (3) the unamortized amount (amortized on a straight line basis over a one-year period), as of the date of such termination, of the most recent Annual Payment; (4) the cost of any non-cancelable material and equipment that is not capable of use except in the performance of the terminated services; and (5) any termination costs or penalties under any third-party agreement related to the services, including any lease for real property. After such payment, the City, at its sole discretion, may either require that all Equipment in the System owned by the Operator be conveyed to the City for no payment, or require Operator to remove the Equipment.

(iii) The fair market value and present value of reasonable lost profits noted in Sections (ii)(1) and (ii)(2) above (the "Appraisal") shall be determined pursuant to a written appraisal by an independent third-party appraiser that is acceptable to the City and the Operator. If the parties fail to agree upon such a single appraiser within 30 days after a party requests the appointment thereof, then the City and the Operator shall each

4/10/2019

REPORTS OF COMMITTEES

99087

appoint an independent third-party appraiser. Each party shall determine an Appraisal within 60 days after the request for each party to choose its own appraiser. The City's Appraisal and the Operator's Appraisal will be averaged, the result of which shall constitute the Appraisal. In the event, however, that the difference between the City's Appraisal and the Operator's Appraisal deviate by more than ten percent (10%) of the lowest value Appraisal, then both such appraisers shall be instructed to jointly select a nationally recognized independent third-party appraiser to make the final determination of the Appraisal within 30 days of completion of the City's Appraisal and Operator's Appraisal.

2.12 Key Personnel.

The parties hereby agree that the text of Section 3.9(c) is deleted and replaced with:

Operator must provide a List of Key Personnel within a reasonable period after the Effective Date. Key personnel are subject to City approval, which may not be unreasonably withheld. Operator must update its List of Key Personnel by notice to the City when necessary to reflect the current personnel and the responsibility of each.

2.13 Events Of Default. The parties hereby agree that Section 9.1(b) of the Agreement is amended, in part, by adding the word "material" in the following manner:

(b) Operator's material failure to perform any of its obligations under this Agreement including the following:

No other change to Section 9.1(b) is intended by this Section 2.13.

The parties hereby agree that Section 9.1(d) of the Agreement is hereby deleted.

2.14 Cure Periods.

The parties hereby agree that Section 9.2(a) of the Agreement is deleted and replaced with the following:

(a) Notices. The occurrence of any event of default permits the City, at the City's sole option, to declare Operator in default.

The Commissioner will give the Operator an opportunity to cure the default, where such default is capable of cure, within a certain period of time, which period of time may be no less than 30 days and may be extended by the Commissioner; such cure period will be automatically extended for a reasonable period of time so long as Operator is diligently pursuing the remedy.

99088

JOURNAL--CITY COUNCIL--CHICAGO

4/10/2019

The Commissioner will give Operator written notice of the default, in the form of a cure notice ("Cure Notice"), subject to the time periods above. If Operator is unable to cure within Cure Period, the Commissioner may give a default notice ("Default Notice"). If the Commissioner gives a Default Notice, the Default Notice will also indicate any present intent the Commissioner may have to terminate this Agreement, and the decision to terminate is final and effective upon giving the notice. If the Commissioner decides not to terminate, this decision will not preclude him from later deciding to terminate the Agreement in a later notice, which will be final and effective upon the giving of the notice or on the date set forth in the notice, whichever is later. When a Default Notice with intent to terminate is given as provided in this Section 9.2 and Article II, Operator must discontinue any Services, unless otherwise directed in the notice, and deliver all materials accumulated in the performance of this Agreement, whether completed or in the process, to the City.

No other change to Section 9.2 is intended by this Section 2.14.

2.15 Notices. Operator's address for the purposes of Article 11 of the Agreement is hereby amended to the following:

"Motivate International, Inc.

New York, New York 10001

with copies to:

Lyft, Inc.  
Attention: LBS Legal  
185 Berry Street, Suite 5000

2.16 Deletion Of Certain Provisions. In addition to the deletion of any provisions of the Agreement in accordance with the aforementioned terms of this Amendment, the following provisions of the Agreement are hereby deleted: Sections 3.2; (Sub)Exhibit 1, Article V; (Sub)Exhibit 1, Article VI, Section A; (Sub)Exhibit 1, Schedules 4, 5, 19, 20, 23, and 24; and (Sub)Exhibit 3; in Schedule 11, Section (4), second paragraph, the number "25" is hereby deleted and replaced with "35".

Acknowledgement. Operator has executed an on-line Economic Disclosure Statement (EDS) per Certificate of Filing and has provided an Insurance Certificate, which are attached to this Amendment as (Sub)Exhibit 4 and (Sub)Exhibit 5 respectively, and incorporated here by reference. The Contractor warrants and represents that such documents are accurate as of the date of execution of this Amendment. *(Sub)Exhibit 1.*  
(To Amendment To Operator Agreement  
With Motivate International, Inc.)

*Service Level Agreements.*

The Operator and City have agreed on a number of Service Level Agreements ("SLAs"). On a monthly basis, the Operator will provide the City with a report on its performance against each SLA. If in any given month the Operator does not Meet Expectations for SLAs 1 through 11, and if in the subsequent month, the Operator still has not achieved Meets Expectations in such SLA, then a Liquidated Damage of \$10,000 for each SLA 1 through SLA 3 and \$5,000 for each SLA 4 through 11 shall be applied for each month, and that fine shall continue for each subsequent month where Meets Expectations has not been achieved in such SLA. However, once an SLA has not been met for the third month in a calendar year, the SLA will be applied immediately.

Meeting Expectations for SLAs 1 through 11 more than half of the time each such SLA is measured in the 12 months before the Notification Date (as defined in the Agreement) shall constitute achieving a rating of "Meets Expectations" in a substantial number of SLA categories:

1. Percentage Of Station Minutes With Sufficient Bikes: Percent of time Stations have Sufficient Bikes (as defined below) between the hours of 6:00 A.M. and 12:00 A.M. (Midnight) with no grace period. A Station has Sufficient Bikes if the number of Bicycles at that station, or within 400 meters of that station, is greater than or equal to 10 percent of the number of Docks at that Station rounded to the nearest whole number. Meets Expectations is achieving at least 95 percent.
2. Percentage Of Station Minutes With Sufficient Available Docks: Percent of time Stations have Sufficient Available Docks (as defined below) between the hours of 6:00 A.M. and 12:00 A.M. (Midnight) with no grace period. A Station has Sufficient Docks if the number of Docks at that Station, or within 400 meters of that station, is greater than or equal to 10 percent of the number of Docks at that Station rounded to the nearest whole number. Meets Expectations is achieving at least 95 percent.
3. Percentage Of Station Days Where Stations Full Or Empty > 24 Hours: Total number of 24-hour periods that a station has been full or empty, divided by the number of Station Days in the month. "Station Days" means the average number of stations in the system during the month times the number of days in such month. Meets Expectations is no greater than 3 percent.

4/10/2019

## REPORTS OF COMMITTEES

99091

4. Percentage Of Bike Fleet Deployed: Metric is only applied between the months of April and November. The percentage of Bicycles deployed shall be calculated by taking the number of Bicycles deployed on the street recorded on a daily basis ("Bicycles in Circulation"), divided by the Bicycle Fleet. "Bicycle Fleet" is the number of Bicycles purchased minus Missing Bicycles, Crashed Bicycles, Retired Bicycles (each as defined below), extra spare bicycles purchased and otherwise out of service Bicycles measured each day of the month and averaged over the month. E-Bikes that go dead with battery life are not considered to be Bicycles in Circulation. Meets Expectations is achieving at least 80 percent.

- a. "Missing Bicycles" means Bicycles that are otherwise in service but have not been docked at a Station in the last 24 hours. The process for replacement of missing bicycles shall be determined and mutually agreed upon by the Operator and the City.
- b. "Crashed Bicycles" means Bicycles that are not in service because they have been suspected of having been or reported as being in a crash.
- c. "Retired Bicycles" means Bicycles that are not in service because they have been damaged beyond repair, because they are undergoing extraordinary maintenance required to mitigate a safety issue with notice to the City, or because they have reached the end of their useful life.

5. Percentage Of Calls Answered (90 Seconds): Percent of calls that are answered within 90 seconds, as reported by the call center on a monthly basis. Meets Expectations is achieving at least 85 percent.

6. Percentage Of Dropped Calls: Meets Expectations is no greater than 5 percent.

7. Percentage Of Email Responded (24 Hours): Percent of emails that are responded to within 24 hours. Meets Expectations is achieving at least 95 percent.

8. Percentage Of Stations Inspected And Cleaned: Percentage of Stations that have been inspected within the last sixty (60) days measured each day of the month and averaged over the month. Meets Expectations is achieving at least 95 percent. Station Inspection shall include, but is not limited to, the following tasks:

- a. Use best efforts to clean all visible dirt, ink, paint, litter or any other substance on the Station;
- b. Check Kiosk functionality including transactions and communications;
- c. Check all communications systems including, but not limited to, the Kiosk-dock and the Kiosk-Central Computer System;

99092

JOURNAL--CITY COUNCIL--CHICAGO

4/10/2019

- d. Check each of the Docks' functionalities including, but not limited to, locking mechanism, cassette and keypad and bike charging functionality if present;
- e. Wipe down Station and all interfaces (screens, keypads, map and ad panels, etc.) with cleaner;
- f. Check physical Station connections.

9. Percentage Of Bikes Inspected: Percentage of available Bicycles that have been inspected within the last sixty (60) days measured each day of the month and averaged over the month. Meets Expectations is achieving at least 95 percent. During Bicycle inspection, the Operator shall, at a minimum, conduct the following checks, and repair or replace all necessary elements:

- a. Check tire pressure, and add air as may be needed, to recommended Pounds per Square Inch measurement;
- b. Check tightness of handlebars, headset bearings, and full handlebar range of motion (left to right);
- c. Check tightness of seat, seat post quick-release, and see that seat post moves freely in full range of motion (up and down);
- d. Check brake function (front and rear);
- e. Check grips for wear and brake levers for tightness and damage;
- f. Check bell for tightness and correct function;
- g. Check handlebar covers for damage and instruction stickers;
- h. Check front basket for tightness and damage, and check bungee cord for wear;
- i. Check for correct gears and shifter function;
- j. Check fenders (front and rear) for damage, and clean outside of fenders;
- k. Check tires (front and rear) for damage or wear;
- l. Check wheels (front and rear) for trueness, broken or bent spokes and hub or axle tightness;
- m. Check LED lights (front and rear) for function;
- n. Check reflectors on wheels, seat and basket, to if they are present, clean and undamaged;

4/10/2019

## REPORTS OF COMMITTEES

99093

- o. Check pedals and cranks for tightness;
- p. Lubricate and clean chain and check chain tensioner for correct function;
- q. Check kickstand for correct function;
- r. Brief test ride to ensure overall correct function of Bicycle including pedal assist function if present;
- s. Check function of onboard computer, GPS, communication equipment and other components; and
- t. Clean bicycle.

10. Percentage Of Bikes Refurbished: Percentage of available Bicycles that have been refurbished within the last 365 days. Refurbishment will include cleaning, retouching with paint, replace wear parts, and supplying with new stickers on an as-needed basis. Routine cleanings will be made to ensure the fleet is both optimally functional and attractive. Meets Expectations is achieving at least 95 percent.

11. Bicycle Coverage Metric: The percentage of days in the month that all Coverage Zones successfully meet their Coverage Target. Meets Expectations is achieving at least 90 percent.

- a. Using the boundaries of the City of Chicago's official 77 Community Area definitions, the active Divvy service area will be divided into up to nine geographic areas called "Coverage Zones". Once a year, the parties agree to reassess the boundaries of the Coverage Zones. Each Coverage Zone will have its own "Coverage Target" based on the Coverage Zone's population according to official U.S. Census information. The initial Coverage Target for each Coverage Zone will be two bikes per 1,000 residents. The parties may mutually agree to change the Coverage Targets. The Operator will have an obligation to meet the Coverage Target at least once per day in each Coverage Zone.

12. Bike Parking: The number of times in a month the Operator fails to repark or otherwise remedy an improperly parked bicycle within two hours of receiving notification by the City or a member of the public. Meets Expectations is less than or equal to two instances per day on average over the month. If Meets Expectations is not met, a liquidated damage of \$100 for every instance above the monthly target will be assessed. As this is a new type of operation and metric, the City agrees to not assess liquidated damages for this metric in excess of \$12,000 per calendar year.

13. Ridership Targets For Economic Hardship Areas.

Five economic hardship areas ("EHA") have been established based on a variety of census and public health data.

99094

JOURNAL--CITY COUNCIL--CHICAGO

4/10/2019

Operator's performance will be assessed between May and October in each EHA individually based on (a) average daily rides per thousand residents ("RKR") recorded per month in that EHA and (b) Outreach Events (as defined below) in such EHA as follows:

1. If average daily RKR is  $\geq 1.5$  in a given month, Operator will earn one point for that month. A ride for purposes of this section will be defined as any trip (i) starting, (ii) ending, or \*(ii) starting and ending in the EHA.

2. If Operator does not earn a point for a given EHA in a given month based on RKR as set forth in Section 1 above, then Operator will earn one point each time it satisfies the following conditions for such EHA in such month: (i) participating in or conducting at least five (5) Outreach Events (as defined below) in such EHA during the month and (ii) reporting to the City the following details regarding the Outreach Events:

- Estimated number of people engaged at each event;
- List of local partners/organizations engaged around hosting/promoting/organizing each event at the local level;
- Brief narrative on any specific community issues or conditions that may barriers to Divvy utilization by community members.

Partnership with existing community organizations on event activity is strongly encouraged.

"Outreach Events" are defined as:

- Formal participation in an event hosted by a community organization, such as "tabling" and direct engagement, performing Divvy bike demonstrations, and/or providing Divvy bikes for a free group ride at another organization's event;
- Hosting and publicizing a stand-alone free group bike ride;
- Pop-up engagement at Divvy stations or hubs in which staff engage passersby, provide written literature, promotional items, information on the Divvy for Everyone program and/or kiosk and app demonstrations; and/or
- Other creative approaches to supporting existing community efforts.

D4E enrollment activities are permitted and encouraged as part of the above event activities, but regularly scheduled D4E in-person enrollment shifts at partner organizations organization and service centers do not qualify as outreach events.
